

SUAREZ SOCCER SCHOOL ACADEMY + SELECT HANDBOOK

2010 / 2011 SEASON

In partnership with

JAMES ISLAND YOUTH SOCCER CLUB

A MESSAGE FROM SUAREZ SOCCER SCHOOL

There are many ways to impact the development of soccer players, but the most important is to provide positive coaching and upstanding role models for our youth to follow by example. It is critical that every player, parent and coach clearly understands the philosophy, structure and goals of our new club culture.

SSS and JIYSC have partnered to provide the best coaching and soccer program for our youth players in the Charleston area. The key to our success will be the assurance that every player in the club develops his or her athletic ability and soccer skills, while growing and developing as an individual, both on and off the field. As coaches and parents, volunteers and administrators, we have a responsibility in creating a safe and healthy environment for our youth to develop their love and passion for the game. Maintaining a positive, disciplined and enjoyable environment will not only foster a player's ability to learn, but will enhance many other aspects of a healthy lifestyle and good habits, necessary for building key social skills and quality character throughout their lifetime.

SSS is here to introduce a philosophy and develop a culture of a well-structured program for all coaches, parents and players involved. Our players will be challenged, inspired, and will develop appropriately. We are looking forward to working with you to maintain a unique and positive club culture vital to the development of our youth.

Good luck this season!

PLAYER IDENTIFICATION

SSS and JIYSC is a great venue for player identification in the U.S. Top competitive players have been products of the club system and SSS will work together with the South Carolina Olympic Development Program to keep our players involved. Our program will serve as their supplement and help assure that the very best young talent is identified and developed at an early age. We will constantly be exposed to playing talent and will have an important role in the identification process.
